- 1x Control remoto para instalación sencilla

Heavy Duty Roll Formed Steel Headrail

1-Year Warranty

Complete with Matching Valance

SPECIFICATIONS

» HEADRAIL

Headrail is made of roll formed steel 1-1/2" wide by 1-1/4" high with a minimum thickness of 0.02".

Headrail only in White color, use on White and Alabaster slats.

» WAND

30" wand.

» VANES

Made of extruded, non-lead rigid PVC. Vane thickness is 0.0197" to 0.0236". Vanes are 3-1/2" wide and are flame retardant.

» STACK

Available in one way draw that will stack left or right.

» CARRIERS

Injection molded PVC with eight-prong rotation system, carriers have self-lubricating wheels for reduced friction. Carriers allow for 180 degree simultaneous rotation.

» END CONTROL

Each end is equipped with an injection molded PVC idle end which supports the pinion rod.

» PINION ROD

The pinion rod is an eight-prong system made of extruded aluminum. The pinion rod passes through each carrier and allows for simultaneous rotation.
